

# ISSSP Corporate Program

Join the community of professionals that will help you maximize the value of Six Sigma to your organization by fostering peer-to-peer collaboration, thought leadership and strategic thinking, and by delivering a wealth of tools that can lead to more significant contributions to your organization.

## The Corporate Program

The Corporate Membership Program allows Deployment Leaders to look beyond the bounds of their organization for advice, ideas, metrics, best practices and a wealth of real world insight and information that can make their deployments more successful and productive for their organizations.

A Corporate membership in ISSSP gives deployment leaders a pulse on the Six Sigma community world-wide — a platform to assess and evaluate ideas with your peers prior to presenting them to your senior management. It is a tool that will prove highly valuable, resulting in better performance by your practitioners, more successful deployments, and more appreciation by senior management of Six Sigma methodologies.

## Corporate Member Benefits

ISSSP Corporate Memberships are offered at three tiers of participation, based upon the size of your organization and the number of practitioners. Each tier of participation provides the following benefits:

- An allotment of complimentary professional memberships for your practitioners.
- An allotment of complimentary registrations to the ISSSP's annual Leadership Conference.
- Discounted professional memberships for your practitioners beyond your complimentary allotment.
- Discounted Leadership Conference registrations for your practitioners beyond your complimentary allotment.
- As deployment leader, you become a member of our prestigious Leadership Circle.
- Access to the ISSSP Survey Tool, allowing you to create a survey on a topic of interest to you and then pose it to the best thinkers across the ISSSP community.
- The opportunity to participate in surveys of other corporate members and share your wealth of experience and insight with your peers.
- Discounted Registrations for the ISSSP Six Sigma Profiler — ISSSP's highly innovative assessment and developmental tool for Six Sigma practitioners.

---

**S**uccessful deployments are the lifeblood of Six Sigma. With a Corporate membership in ISSSP, you enhance your probability of success by having access to a worldwide community of talent, experience and resources encompassing the very best Six Sigma has to offer.

## The Leadership Circle

As a Corporate Member, you are entitled to participate in the prestigious Leadership Circle. You are now part of a smaller community of deployment leaders, a group of thought leaders who are driving the future of business performance and the practice of Six Sigma.

Leadership Circle activities are organized by topics of interest driven by the group so that your challenges, opportunities and successful practices can be discussed, analyzed and assessed by your peers. While each company has a different mission and issues, this cross-fertilization allows you to maximize the value of Six Sigma to your organization by drawing keen insights from the best deployment leaders in industry.

## Contribute More to Your Company's Growth

The ISSSP Corporate membership allows the Deployment Leader to be at the forefront of the practice of Six Sigma.

- Through interaction with your peers, you will learn how to make your deployments the most effective they can be.
- Through the Leadership Circle, you will be able to cross-fertilize ideas and best practices..
- With ISSSP's Survey Tool you can draw upon the reservoir of experience and insight of the best deployment leaders in industry, using them as a sounding board for your ideas prior to presenting to senior management.
- With the ISSSP Six Sigma Profiler, you will be able to better deploy your practitioner resources across deployments.

Corporate membership in ISSSP will help you advance the practice and effectiveness of Six Sigma throughout your organization.

## The ISSSP Six Sigma Profiler

As a deployment leader, wouldn't you love to have a comprehensive side-by-side skills analysis of your portfolio of practitioners? Understand their strengths, their gaps, and match the right people with the right skills to the right positions. Help your Black Belts and Master Black Belts to help themselves. Use real data to gauge their true abilities and create a brighter path to a more meaningful career.

It is the only truly objective certification, standard, and assessment tool for Six Sigma Practitioners. The Six Sigma Profiler assesses an individual's capabilities in the following industry-defined competencies:

### Core Six Sigma Practitioner Roles

- Coach and Mentor
- Methodology Expert
- Change Agent
- Instructor
- Project Manager
- Leader

### Supplemental Skills

- Financial Skills
- Lean Skills
- DFSS Skills
- Deployment Skills

It's time to become a part of the movement to create a meaningful and objective way to assess and certify Six Sigma Professionals at all levels.

## ISSSP Corporate Program

---
